

IMPORTANT NOTICE

In 2018, Healthcare and Family Services expanded their Managed Care program to cover all counties in Illinois.

Most people with an Illinois Department of Healthcare and Family Services medical card (Medicaid) must enroll in a health plan in the HealthChoice Illinois Program. HealthChoice Illinois is the expanded Medicaid managed care program that is now in all counties statewide. In HealthChoice Illinois, you must enroll with a primary care provider (PCP) in a health plan. This may affect many local residents.

What does this mean for me?

During the enrollment process or during the yearly "open enrollment period" you are given an option to select your insurance plan. If you don't select a new insurance plan, the state will select one for you and they may enroll you in an insurance plan CMH and its Clinics do not accept. If that happens, you may not be able to receive care at CMH or its clinics.

Which plans will be accepted by Crawford Memorial Hospital & its Rural Health Clinics?

Crawford Memorial Hospital and its Rural Health Clinics contract with the following Health Plans to provide services to our patients:

- Meridian Health Plan – 1-866-606-3700
- Aetna Better Health Plan – 1-866-329-4701
- Molina Healthcare of Illinois – 1-855-687-7861
- Blue Cross Blue Shield Medicaid MCO – 1-877-860-2837

Where do I sign up for Medicaid?

Department of Human Resources
Family Community Resource Center
1110 North Allen Street, Robinson, IL 62454
Phone: (618) 544-3151
